Objective:

With continuous changing environment in manufacturing, along with on-going globalization, process optimization is a key factor in the success of a company. Money can be lost daily through poor process optimization (inefficient schedules, local instead of global optimization, inefficient resource allocation, and poor productivity and improper facility layout).

Fees: Rs. 7,500 (for students)
      Rs. 10,500 (for others)
Venue: IME Department, IIT Kanpur.
