Figure 1: \( y = 0, z = x^2 \)

Figure 2: \( z = 1, x^2 + y^2 = 4 \)

Figure 3: \( z = \frac{x^2}{4}, y = 0 \)

Figure 4: \( z = \frac{y}{2} \)

Figure 5: \( z = \frac{1}{4}, z = \frac{y^2}{4} \)

Figure 6: \( x = 0, z = \frac{y^2}{4} \)
