Eq. (2.13) in “Ridge regression estimation approach to measurement error model”, Journal of Multivariate Analysis, 123, (2014), 68–84 is incorrectly appearing as

\[ L_n^* = n(\hat{H}\beta_n - h)' (H\hat{C}_n^{-1}H)'^{-1} (H\hat{\beta}_n - h). \]

The correct form of Eq. (2.13) is

\[ L_n^* = \frac{(H\hat{\beta}_n - h)' (H\hat{C}_n^{-1}H)'^{-1} (H\hat{\beta}_n - h)}{\hat{\sigma}_{zz}}. \]
